NORRIS FRAMES TWO PROPOSALS TO CURB COURT

Bill Would Require Two-Thirds Vote by Tribunal To Invalidate Any Law.

ALSO HAS AMENDMENT

Would Limit Appointments of Federal Justices to Nine Years.

By The Associated Press

WASHINGTON, March 15—Sen. Norris, Independent of Nebraska, brought out today drafts of both a bill and a constitutional amendment to impose what he terms "a reasonable degree of control" on the courts.

While senate hearings on the Roosevelt judiciary bill were in recess until tomorrow, Norris suggested again that other legislative "remedies" be attempted first.

His bill would require at least a two-thirds vote by the supreme court to invalidate a law.

Hits at Life Tenure

Calling life tenure for judges "a relic of absolute monarchy," he suggested amending the Constitution to limit appointments to federal courts to nine years. If senate opinion should favor a longer or shorter term, he said, the change would meet no objection from him.

Opponents of the administration bill allowing enlargement of the supreme court unless older justices retire quickly added the Norris proposals to the many they are studying as alternatives.

Sen. Van Nuys, Democrat of Indiana, reported some progress in the attempt to agree on one or more amendments which the Democratic opposition might support as a body.

Sen. Wheeler, Democrat of Montana, disputed assertions by administration spokesmen that it would take much time for them to get together on specific amendments.

Sees Approval

"Our crowd could get together on an amendment like that," he said.

"If the President would recommend any reasonable amendment, congress would submit it to the people and could provide for action by state conventions in less time than will be used in debating this bill of his."

Sen. King, Democrat of Utah, an opponent of the Roosevelt bill, declared a "number of people" had told him supporters of the program had received more time for radio addresses than had foes.

He said he was investigating these statements and an assertion by Sen. Wheeler that Wheeler's address at Chicago last Wednesday against the bill was not broadcast to the western portion of a nationwide hookup.

Columbia Broadcasting Co. officials in New York said previous commercial commitments prevented inclusion of west coast stations and that Wheeler had been offered time for another speech over the entire network. The system has presented 17 talks on each side of the issue, an official said.

Although no intimations of compromise have come from leaders of either side in the dispute, the possibility still was being discussed at the capitol.

PHONE RATE BOOST ASKED AT POINTS NEAR MARION

Eight Exchanges in This Area in Ohio Associated Application for Increase; Inadequate Income Cited.

The Ohio Associated Telephone [illegible] with its headquarters in Marion, [illegible] filed an application with the state utilities commission for [illegible] of rates, [illegible] upward and [illegible] downward, [illegible] exchanges operated [illegible] in the state.

The proposed rate changes do not affect Marion [illegible] other exchanges [illegible] T. Carlisle, general manager of the company. It does, however, affect other exchanges in the Marion district including [illegible] Green Camp, Harpster, LaRue, Morral, Prospect, Richwood, Waldo and Nevada.

Mr. Carlisle said the proposal was a move on the part of the company to standardize the rates in the various communities the company serves and to provide rates that will provide sufficient income to enable the company to meet rising operating costs. In general the increases range from 25 cents to $1 a month for certain types of service.

Based On Survey

The application, Mr. Carlisle said, is based on a report of accountants for the company and was filed because in some exchanges the revenue has failed to provide a fair return on the investment plus actual costs of service.

Action of the utilities commission in allowing or rejecting the proposed rate schedule will not be taken, Mr. Carlisle said, until after completion of an inventory and appraisal of the property of each individual exchange. This work will be done jointly by the telephone company and utilities commission engineers and may require several months.

In addition to the city of Marion exchanges not affected by the proposed changes are Caretsville, New Philadelphia, Mineral City and Sylvania.

List Of Comparisons

The application filed with the commission lists present and proposed rates for all exchanges for all types of service. There follows a comparison of rates for exchanges in the Marion district for one-party business and one-party residence telephones.

Green Camp—Business present rate $2.50, proposed rate $2.50; residence, present rate $1.75, proposed $2.25.

Harpster—Business present rate $2.50, proposed $2.75; residence present rate $1.75, proposed $2.

LaRue—Business present rate $2.50, no increase proposed; residence, present rate $2, proposed $2.25. A decrease from $2 to $1.75 is proposed for rural telephones.

Morral—Business, present rate $2.50, proposed rate $2.50; residence, present rate $1.75, proposed $2.25.

Nevada—Business, present rate $2.50, proposed rate $2.50; residence, present rate $1.50, proposed rate $2.25.

Prospect—Business present rate $2.50, proposed rate $3.50; residence present rate $1.75, proposed rate $2.25.

Richwood—Business present rate $3, proposed rate $2.50; residence present rate $2, proposed rate $2.25.

Waldo—Business, present rate $2.50, proposed rate $3; residence present rate $1.75, proposed rate $2.25.

The rate proposals for these two classes of service may be taken as generally indicative of the changes proposed for other classes of service such as more than one-party business and residence telephones, extensions and rural telephones. However, in some of these classifications the rates are reduced, as in the case of rural telephones in LaRue, or no changes are proposed.

MEET DEATH AS CAR IS HIT AT ERIE CROSSING

Brother and Sister Among Trio Killed in Accident at McGuffey.

WRECKAGE CARRIED MILE

Chance Saves Life of Wife of One Victim; Funeral Services Tuesday.

Special to The Star

KENTON, O., March 15—Three persons, two of them brother and sister, were killed instantly when the automobile in which they were riding was struck by an Erie passenger train at the Main street crossing in McGuffey, 12 miles west of Kenton, Saturday night at 9:12 o'clock.

The dead:

Harry Brooks, 23, driver, of five miles west of Kenton.

Mrs. Mamie Everett Keller, 18, of McGuffey.

Reuben Keller, 20, her brother, of Lima.

Dr. Kenneth W. Preston, Hardin county coroner, said the train carried wreckage of the car down the tracks nearly a mile. Brooks was thrown out and decapitated. Bodies of the brother and sister were found in the wreckage of the automobile, pinned to the front of the locomotive.

It was only through an odd circumstance that Mrs. Juanita Keller, wife of Reuben Keller, was not in the death car.

On Way to Farm

The group had been at a restaurant in McGuffey operated by Mrs. Harriet Keller, mother of Keller and his sister, and decided to go to the Brooks farm to get a duck and roast it at the restaurant. Mrs. Reuben Keller decided to wait at the restaurant rather than accompany them to the Brooks farm. The accident occurred while they were enroute to the farm.

The coroner returned a verdict of accidental death after ordering the train to back up the tracks and finding that flasher signals at the crossing were operating as the train approached the crossing again.

It is believed McGuffey residents were unaware of the crash until the train backed into the community afterward, bringing the bodies of the victims.

The automobile was traveling north, and the train, which runs between Marion and Huntington, Ind., was headed westward.

The victims were among at least 10 persons killed on Ohio highways during the week end. Two of them were victims of hit-skip drivers.

Double Funeral Services

Double funeral services for Reuben Keller and his sister will be held Tuesday at 2 p. m. at the McGuffey Church of Christ with Rev. W. A. McCalla of Belle Center in charge. Burial will be made in Ada Woodlawn cemetery.

Services for Brooks will be held Tuesday at 1:30 p. m. at the Fairview M. E. church four miles west of Kenton with Rev. Hal Reed in charge. Burial will be made in Fulton cemetery west of Kenton.

Mrs. Keller was a student at Western Business College in Lima. Her brother was an employe of the Ohio Steel Foundry in Lima. They are survived by their mother and one sister, Mrs. Katherine Boyd of McGuffey. In addition, Keller leaves his widow and a daughter by a former marriage.

Brooks is survived by his parents, Mr. and Mrs. L. E. Brooks, with whom he made his home, and by two brothers and a sister living west of Kenton.

View of northbound motorists up the eastward tracks at the crossing is partially obstructed by the McGuffey elevator building. The crossing is just out of the business district.

ENJOINS STRIKERS

Chrysler strikers and the United Automobile Workers union heard the decision of Circuit Judge Allan Campbell (above) in Detroit granting an injunction ousting sitdown strikers.

RIGHT TO HOLD PLANTS DENIED IN NEW RULING

Respect for Law and Judiciary Declared Menaced by Sit-down Technique.

OPPOSES COMPROMISE

Refutes Contention Corporation Did Not Come to Court With "Clean Hands."

By The Associated Press

DETROIT, March 15—The Chrysler Corp. obtained an injunction today ordering [illegible] sitdown strikers to evacuate its Detroit automobile plants by 9:30 a. m. (C.S.T.) Wednesday.

Circuit Judge Allan Campbell, asserting "there can be no compromise between the rule of law and the rule of violent self-help," granted a Chrysler petition for the order directing strikers to vacate the plants and refrain from interfering with the company's possession and use of the property.

Judge Campbell held that even if the Wagner labor relations act "is valid" it "still does not give the defendants (sitdown strikers) the right to occupy property."

Court Nearly Empty

The scene in the courtroom was in marked contrast to that of Saturday when a capacity crowd jammed its way into corridors and hearing chamber while a double line of union pickets paraded outside. Only a few spectators were on hand in the courtroom today, but outside another large crowd of union members began assembling more than an hour before the court's decision was expected.

The injunction, providing a penalty of $100,000 for non-compliance, to be levied upon the defendants' "goods, lands and chattels," was delivered to Sheriff Thomas C. Wilcox. The court directed the sheriff to read the order "at or near" the gates ordinarily used for ingress to the Chrysler plants, and to leave copies at those posts.

Judge Campbell declared that "respect for law and order, and for the courts is menaced."

"There must be no compromise," he said, "and the writ will issue."

Denies Contentions

He outlined the points raised by the defense in its claim that the corporation did not come into court with "clean hands," including the corporation's refusal to grant exclusive bargaining rights to the United Automobile Workers.

"That fact," he said, "does not deprive the plaintiff of the right to the use of its property," and "therefore the corporation does come into court with clean hands."

The present case differs from those cited by the defense, he declared, in that the present defendants "freely admit the seizure of property." Therefore, he said, the citations are not applicable.

If the injunction is not obeyed, the corporation may obtain writs for arrest of the strikers and their leaders, officers of the United Automobile Workers of America and the Committee for Industrial Organization.

60,000 Workers Idle

Sixty thousand Chrysler workers are idle because of the strike. Other U. A. W. A. strikes in progress affect more than 10,000 in the Hudson Motor Car Co. plant here, and 2,200 employes of the Reo Co. at Lansing, Mich.

Several hundred union members, in the court building corridors and outside the building, dispersed quietly after Judge Campbell announced his decision.

Sheriff's deputies carried the order to union headquarters, but Homer Martin, president, and other major executives of the U. A. W. A. are at Cleveland for a conference. Leaders of the C. I. O. named as defendants are John L. Lewis, John Brophy and Adolph Germer.

Union leaders here said the sit-down strikers themselves will vote on whether to vacate the Chrysler plants they have held for a week.

Almost at the time the injunction was issued, negotiations between the union and Chrysler executives on the demand for exclusive bargaining rights resumed in the downtown offices established by the corporation after strikers took over its administration building. Germer and William Munger, union research director, represented the U. A. W. A.

ADDED RELIEF OUTLAY FOUGHT

Opposition Noted in Senate Even Before Measure Comes Up in House.

WOULD PROVIDE $2,000,000

Expenditure Would Have To Be Taken Out of Sales Tax Revenue.

By The Associated Press

COLUMBUS, O., March 15—The Ohio legislature entered today into a week of activity centered around the relief problem with the ending of their "stop-gap" program a month away.

Opposition appeared in the senate against a projected $2,000,000 additional appropriation even before the measure could be introduced first in the house.

The $2,000,000 expenditure provided in a bill to be introduced in the house tonight, would have to be taken out of sales tax revenues.

Sees Fund Depleted

Gov. Martin L. Davey, backing the measure sponsored by larger cities of the state, said "not a cent" would remain in the state treasury for relief when the "stop-gap" program ends April 15. The legislature already had made $5,000,000 available for relief and $1,000,000 for flood relief.

Another worry for [illegible] was an unexpected slowness in sales tax receipts so far this year. The state auditor's office reported receipts of $3,000,000 a month, against an estimated yield of $4,160,000.

Local governments, in the face of need for immediate release of the $1,600,000 for relief and flood relief, missed their February allotments and will not receive any before April 1, and then only in part.

Schools Shut Off

The auditor's office said schools and local subdivisions would get no more money until May 1 if the legislature makes another $2,000,000 relief allotment.

Under the present sales tax allocation, about $12,000,000 must be deducted before the schools and local governments share the remainder on a [illegible] basis. The schools would receive $21,000,000 and local governments $14,000,000 under the estimated $50,000,000 tax yield.

If the present rate of yield continues, giving an annual return of $35,000,000, schools would get $13,400,000 and local governments $9,000,000.

CITY SUED BY VICTIM OF AUTO ACCIDENT

$5,650 Asked by Driver Who Blames Slippery Street for Mishap.

Frank A. Sester of 540 Chestnut street, manager of the Imperial [illegible] Co., brought action in common pleas court Saturday against the city of Marion for $5,650.40 damages as a result of an auto accident Oct. 22 on South State street at Gailey avenue.

Sester said he was northbound and was just about to start down the hill when his auto skidded to the west curbing and crossed into two trees. He blamed the accident on the coating of asphalt or coal tar which the city through the WPA placed on the street after relaying the pavement last year. He said the coating made the street slippery and unsafe when wet.

Sester charged the city with negligence in failing to put a protective coat over the binder and with failing to scrape the binder to make it less slippery. He said he suffered severe face lacerations, body cuts and bruises and a permanent injury to his right leg. He is asking $5,000 for personal injuries and $650.40 for loss of earning power and medical bills. Houser, Mouser & Wiant are his attorneys.

Airport Grading Project May Be Completed Here

Hopes for Revival of Improvement by WPA Seen in Hopkins' Announcement.

Possibility that the WPA grading project at the Marion airport, abandoned about two months ago, may be completed was seen today by city officials as Harry L. Hopkins, national WPA administrator, announced in an Associated Press dispatch that an effort will be made to finish 52 such projects in Ohio by July 1.

The Marion project calls for expenditures of $30,320, while the total for the 52 projects is $5,806,057.

The project was abandoned ostensibly in order to shift workmen to road projects, although discussion at a recent meeting of city and WPA officials indicated there is some controversy as to where the grading material should be obtained and how extensive the grading should be.

The city had obtained sand for a negligible cost from the Marion Sand Co. while WPA officials believed the city was actually performing a valuable service to the company by removing the sand.

The city also objected to the fact that the project might "ruin" the city's dumping grounds near the airport and asked the grading be confined to a smaller area in order to avoid covering the dumping grounds.

City officials thought today the project may be straightened out to the satisfaction of all parties and may be started up again shortly.

20 Night Jail Sentence Given Marion Autoist

William A. Sanderson, 50, of near Marion, will spend the next 20 nights in the county jail, and in addition pay a fine of $100 and costs and surrender his driving rights for six months, according to the sentence given him following his plea of guilty to a charge of driving while intoxicated at an arraignment before Municipal Judge William R. Martin this morning.

The usual jail sentence of 10 days was altered in Sanderson's case to 20 nights so that he may continue his regular employment, Judge Martin said. Sanderson was ordered to report at the jail at 5 o'clock each night with the privilege of being released the following morning at 5 o'clock.

Sanderson was arrested by police Feb. 27 on the driving while intoxicated charge after a car he was allegedly driving figured in a minor collision at West Center street and Park boulevard.

NEW CHARITIES LEADER NAMED

Miss T. Gertrude Fortune of Cleveland Succeeds Mrs. Luetta P. Magruder.

HAD HELD PENSION JOB

Action Follows Attempt To Abolish Post Which Failed in Upper Chamber.

By The Associated Press

COLUMBUS, O., March 15—Miss T. Gertrude Fortune of Cleveland was appointed by Gov. Martin L. Davey today as superintendent of the division of charities, succeeding Mrs. Luetta P. Magruder of Oberlin who was dismissed Friday.

Miss Fortune had been assistant supervisor of audits and statistics of the division of aid for the aged the past year. Prior to that she was an assistant secretary to the governor for a brief period.

Ousted "For Good of Service"

Mrs. Magruder was dismissed from her post by Mrs. Margaret Allman "for the good of the service" after twice ignoring requests of the governor that she resign.

The statement from the governor's office announcing Miss Fortune's appointment, asserted Mrs. Magruder "resigned."

Miss Fortune's appointment to the $4,000 a year job followed administration efforts to abolish the post through legislative action reorganizing some agencies of the welfare department.

Gov. Davey described the proposal as an economy measure designed to save the state $150,000 annually, but the bill was defeated in the senate after passing in the house.

Mrs. Allman asserted Mrs. Magruder was dismissed because she was responsible for "dissension in the department." The discharged charities chief countered that she was forced out because she declined to dismiss employes on Mrs. Allman's order.

Gov. Davey had asserted, after Mrs. Magruder's dismissal, the job might not be filled, adding the reorganization proposal for the department was based on a recommendation of the Ohio government (Sherrill) survey.

WINDSOR TO VISIT WALLY NEXT WEEK

Arrangements Reported Under Way for Meeting in or Near Paris.

By The Associated Press

LONDON, March 15—The Duke of Windsor is planning a trip to France beginning next week to meet Mrs. Wallis Warfield Simpson, advices reaching London from a trustworthy Austrian source said today.

The informant said arrangements were being made for a reunion in or near Paris between the former King of England and the woman for whom he gave up the throne.

His trip, this source said, probably would be announced as a "three or four day Easter excursion," from the Enzesfeld, Austria, estate of Baron Rothschild, his haven since he departed England.

FOUR BLASTS ROCK WAR-TORN MADRID

Believed Government Mines Exploded To Oust Rebels.

By The Associated Press

MADRID, March 15—Four tremendous explosions—apparently from government mines in battle-scarred university city—rocked Madrid today as insurgent artillery shells tore great holes in buildings in the downtown district.

Meager reports from the university city zone where government militiamen and insurgent troops have contested for weeks, described the explosive attacks as [illegible] attempts to route Gen. Francisco Franco's forces from their barricaded positions.

Italian troops reported fighting on the insurgent side were declared by the war ministry to have been forced from strategic positions in the Guadalajara sector, northeast of Madrid.

LAST MINUTE INCOME TAX RUSH ON IN U. S. TODAY

Offices in Marion and Throughout County Crowded as Midnight Deadline Approaches.

As taxpayers in Marion and throughout the nation crowded offices of busy income tax collectors before the payment deadline at midnight tonight, treasury officials at Washington were checking closely on the flood of returns in hope receipts would help balance the government budget for the remainder of the fiscal year. The Associated Press reported.

M. C. Grant and Henry Marx, deputy internal revenue collectors from Columbus, today faced a steady stream of Marion county residents in their temporary offices at the law library in rear of common pleas courtroom in the courthouse. More than 600 persons have filed with them thus far, it was estimated.

After tonight the government may place penalties of from five to 25 per cent of the tax on unpaid taxes, they said.

Revenue authorities estimated more than 3,000,000 returns—half the total expected—would be filed during the day. All offices will remain open until the midnight deadline.

March receipts are expected to aggregate $840,000,000, the largest total since World war days. If this estimate is borne out, officials said the treasury may not have to bor-

TAX COLLECTIONS NOW AT $377,066

As real estate tax collections mounted to $377,066.82 today, County Treasurer Homer Cole warned taxpayers only 10 days remain until he begins to close his books for current payments March 25. When the books are closed a 10 per cent penalty will be assessed.

Mr. Cole pointed out that as long as the books are open all taxes now delinquent may be paid without penalty.

County Auditor Harry V. Mounts reported personal property tax collections now stand at $20,123.01 with 1,120 persons having paid to date. Personal tax books will be closed April 1 after which a 10 per cent penalty will be charged against all unpaid accounts. Mr. Mounts is keeping his office open Saturday afternoons to accommodate the taxpayers.

Dowager Becomes Ill Suddenly While Attending Opera at Bucharest

By The Associated Press

BUCHAREST, Rumania, March 15—Marie, beloved queen dowager of Rumania and queen mother to the Balkans, was reported holding her own today after being stricken suddenly with a serious illness that developed into a partial paralysis.

The 61-year-old dowager, whose children through their marriages had virtually linked the Balkan states in a family alliance, became ill Thursday night at the opera which she had attended frequently this season.

Her illness was described by a member of the royal household as an attack of influenza complicated by [illegible] inflammation.

The queen mother's condition at noon was reported officially as unchanged [illegible] dangerous.

Saturday her condition was said to have taken a turn for the worse and a high fever developed, some [illegible] 100 degrees, the officials said.

PEACE CONFERENCES RENEWED AT AKRON

U A W A Officials Also Meet at Cleveland To Discuss Strategy

By The Associated Press

Resumption of negotiations in the Firestone Tire & Rubber strike at Akron and a meeting at Cleveland of high officials of the United Automobile Workers International union to discuss [illegible] plant were Ohio's labor highlights today.

[illegible] president of the [illegible] of the United Rubber Workers of America arranged to confer this morning with W. F. Murphy, company [illegible] superintendent, in an effort to end the 10 day old dispute in which 11,500 have been idle.

The union, an affiliate of the Committee for Industrial Organization, claims 6,000 members and has demanded a closed shop and abolition of the Firestone employe conference plan. Union officials and the company agreed to recognize the union as bargaining agent for its members only and is willing to discontinue financing the employe group.

The Federation of Flat Glass Workers executive board postponed Sunday until today a meeting to discuss whether to continue to seek recall of Glen W. McCabe as international president.

The senate civil liberties committee announced at Washington that it would resume hearings Wednesday with an inquiry into recent labor disputes in Goodyear Tire & Rubber Co. plants.

9-YEAR-OLD GIRL'S SUITOR IS KILLED

By The Associated Press

CHICAGO, March 15—A coroner's jury convened today to hear the story of Andrew Hoagland, 35, held for the death of his friend, Edward Kraftheffer, [illegible], after the latter allegedly expressed a desire to marry Hoagland's 9-year-old daughter, Caroline.

Assistant state's attorney Samuel Papanek said Hoagland, angered by the proposal, attempted to forcibly evict Kraftheffer, a roomer at the Hoagland home. Hoagland told Papanek, admitted striking a blow which knocked Kraftheffer off his feet, his head hitting against a wall. He was dead when a physician arrived.

Mrs. Sherrard denied to Prosecutor Barthelmeh, he said, that she possessed any knowledge of firearms and particularly of shotguns.

[illegible] declared that the latest development in the puzzling killing of the wife of the wealthy Canton contractor, Dudley S. Cable, now pointed in the direction of a hired assassin.

Prosecutor Barthelmeh declared that his investigators believed the underworld language that someone connected with the killing had been casing the Cable home or spying out the land on the night before the crime.

A Three Days' Cough Is Your Danger Signal

A cough, chest cold or bronchial irritation today may lead to serious trouble tomorrow. You can relieve them now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs, chest colds and bronchial irritations. A chemist worked out a special process of blending Creosote with other ingredients so that now in Creomulsion you get a real dose of Beechwood Creosote which is palatable and can even be taken frequently and continuously by adults and children. Thousands of doctors now use Creomulsion in their own families and practice and druggists rank Creomulsion top for sales. In this genuine original product you can get a real dose of Creosote so emulsified that it goes to the very seat of the trouble to help loosen and expel germ laden phlegm.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial troubles, especially those that start with a common cold and hang on and on. Get a bottle of Creomulsion right now from your druggist, use it all up as directed and if you fail to get satisfactory relief, he is authorized to refund every cent of your money. Get Creomulsion right now. (Adv.)

Poached [illegible] will [illegible] cook [illegible]

After the [illegible] minute [illegible] a large [illegible] egg [illegible] gradually [illegible] about eight minutes after which [illegible] them [illegible] damp cloth [illegible] later for use in soups [illegible]

Low heat is [illegible] for all egg cooking [illegible] scrambled eggs and custard.

Soft boiled eggs will have a tender white if they are started in the shell in cold water rather than [illegible] into boiling water. Heat [illegible] gradually until it simmers but never let the eggs boil rapidly. When the water begins to simmer cover the pan and turn out the heat or remove from fire as with the poached eggs. A little experimenting will tell [illegible] to leave the eggs in the water. The time depends somewhat on the number of eggs and the size of the pan.

If hard boiled eggs are plunged directly into cold water after they are cooked discoloration will be avoided so that the eggs are more attractive for salads, stuffing and creaming.

EMERGENCY RECIPES FOR QUICK DINNERS

Crabmeat, Cheese, Soups, Shrimp and Sauces Should Be on Shelves Always

One never seems to be safe from the danger of having to turn out a meal and a good one at last or short notice. So it is a good idea to have on hand a good emergency [illegible]

It is always a good idea to have a can of flaked crabmeat on the emergency shelf. Then when the call comes you can fling together a tasty dish—deviled crab. Crumble fine six plain crackers and add one cup hot rich milk and two tablespoons butter. Mix and stir in [illegible] cup flaked crabmeat, one teaspoon Worcestershire sauce, salt and pepper and two beaten egg yolks. Heap portions on whole crackers or rounds of toast and bake in moderate oven for 20 minutes.

Of course even the most simply stocked pantry shelf will contain cheese and tomato soup. So here is a marvelous emergency dish, grand for luncheon, supper or just a snack—Italian lunch. Slice one half pound American cheese and stir in saucepan over slow fire until melted. Add salt and cayenne and one can condensed tomato soup. Stir well and heat thoroughly. Serve on salted soda crackers toasted or over toast.

Baked Shrimp

Then there's baked shrimp, an excellent hurry-up dish. Arrange two cups shrimp and crumbs of 24 unsalted plain crackers in alternate layers in greased baking dish. Sprinkle each layer with chopped parsley and salt and pepper. Pour two cups milk over all and dot with two tablespoons butter. Bake in hot oven (425 F.) for 20 minutes. This recipe makes six portions.

Spinach and eggs au gratin is always [illegible] served in a [illegible] for a planned [illegible] supper. For an excellent [illegible] crumble 10 plain crackers, chop [illegible] cooked spinach [illegible] eggs [illegible] baking dish [illegible] crackers, spinach and eggs, finishing with crackers. Pour [illegible] cup milk over all, sprinkle with two tablespoons grated cheese and dot with one tablespoon butter. Bake in hot oven [illegible] for 15 minutes.

AN APPETITE APPEAL IN FLOWER SALADS

They're Pleasing to Sight as Well as to Taste, Some New Ideas

Salads that appeal to the eye as well as to the taste are gaining in favor.

A salad a day [illegible] than in summer—and they are doubly [illegible] for health.

Fruit salads are particularly [illegible] in winter [illegible] luncheon [illegible] party.

Probably you have tried the flower effect of [illegible] of fresh grapefruit [illegible] greens [illegible]

Select firm Florida tangerines which are at their best right now. Peel them with the fingers and separate segments so that they represent petals of a flower, leaving them slightly joined at the base.

On the salad plate form a little wreath of curly [illegible] celery stalks. Lay the tangerine flower on the chicory. In the center place two large pickled walnuts or form the center from a green cherry or a small round ball [illegible] French dressing [illegible] this artistic [illegible] salad.

WHAT DAISIES DON'T TELL

Not until he begins to tell the story of one of his old romances to his bride does a man realize how little of it was romance and how much of it was bunk.

• • •

One way of making a man love you is to let him do you a lot of favors and one way of making him forget you is to do him a lot of favors.

• • •

What a man should remember when he writes a letter is that a girl is not interested in the condition of the roads or the beauty of the weather, but in the state of his emotions and the temperature of his affections.

• • •

Congeniality is the sine qua non of a happy marriage. And many a contented married couple are serving a life-sentence at solitary confinement—and don't know it.

• • •

Senility has not set in until a man reaches the point where he enjoys meeting only very young and pretty women and telling very old and naughty jokes.

• • •

Many a beautiful love-affair ends its life as a breach of promise suit [illegible] lawyer is kept [illegible] broken hearts into gold.

• • •

Marriage is the turning point at which a man stops babying a girl—and expects her to begin [illegible] him.

Harding Defeats Bexley, Places Third in Tournamen

WINS CONSOLATION GAME AT DELAWARE BY SCORE OF 32 TO 15

Marion Forward Wins Berth on Second All District Cage Squad

Marion Harding [illegible] easy [illegible] over the Bexley High [illegible] to win the [illegible] place in the Central District [illegible] Delaware [illegible] the first [illegible] final [illegible] Delaware after [illegible]

[illegible]

[illegible] Wintermute, Harding's left forward, was placed on the All-Central district Class A team selected by officials. Wintermute was placed on the second team. The first team selections were Murmann of Newark, Hughes of West, forwards; Ellis of Newark, center; Seigel of Newark and Hamilton of Bexley, guards. Paired with Wintermute at the forward post of the second team was Lord of Mt. Vernon while Weigand of West was placed at center and M[illegible] of Newark and Larkin of West were selected for the guard berths.

Marion won easily over Bexley in the consolation affair, leading 13 to 1 at the quarter, 17 to 8 at halftime and 27 to 10 at the start of the final period. Bob Wooley, guard, paced the Presidents with 10 points [illegible] on four field goals and a pair of charity tosses. Harding's superiority over the Bexley cagers was evidenced by the fact that the Lions were able to register but three field goals during the entire game.

Bexley led in the first minute on Hogan's field goal but Dr. Bill Decker and Bob Wooley cracked through with a goal apiece to give Harding a lead which was never questioned. For two members of the Marion team, Fred Shurrock, guard, and Frank Roberts, forward, the contest was the last scholastic sports encounter. Both will be ineligible for further competition following their graduation this spring while all of the other members will be returning when the first call for practice is issued next fall.

The box score of the Harding-Bexley game follows:

Nation's No. 1 Man in Softball Asserts U.S. Will Have 11,000,000 Players in '37

Boss of "National Pastime" Expects $125,000,000 Outlay This Year.

Sisler made his prediction for the 1937 campaign as both president of the American Softball Association and as an optimist. But he's a man who supplies the goods and promotes the game.

A softball world championship series, he says, will be the outgrowth of cooperation being planned between his organization and the Amateur Softball Association, headquartered in Chicago. Sisler's group will hold its annual national tournament here next September with approximately 80 teams from all parts of the United States.

Admission prices for softball average a dime, with two bits as tops for championship contests. Sisler says larger admission fees and bigger playing fields would be necessary for profitable programs.

"I don't believe," he says, "that persons sitting as far away as the outfield bleachers would get any kick out of the game, and fields would have to be that big to make it a paying proposition. Furthermore, skilled players would remove the attractive features peculiar to the game."

Produces A Pitcher

Men and boys playing softball in Canada and the United States outnumber the girls three to one, but the women are catching up, Sisler says.

Softball benefits baseball in a commercial way but does not help the national pastime in the way of training players. The softball player does acquire [illegible] athletic sportsmanship and other qualities found in any athletic contest, but his ability to handle the larger, softer ball is of no use in hard ball, says Sisler, who ought to know. He named one softball player who graduated to baseball—Al Fisher, St. Louis Cardinal pitcher, who will be with Houston of the Texas league this season.

Sisler says softball should [illegible] general interest in sports and thereby enlarge baseball crowds.

Sisler became interested in the game three and a half years ago as a means of recreation [illegible] for his sporting goods store here. He promoted softball games and leagues all over the nation from crossroad [illegible] hamlets in Texas to cities in Massachusetts.

He recently erected his own park in St. Louis. Nightly games during the summer attract average crowds of 1,000. There are approximately 1,000 active teams here.

Center Jump Abolished By Big Ten Cage Coaches

By The Associated Press

CHICAGO, March 15.—Discard of the center jump was the main topic for consideration today by the National Basketball Coaches association in a two-day meeting here.

Big Ten coaches meeting [illegible] voted unanimously last night to abolish the center jump [illegible] for a trial period. The action is effective at the start of the 1937-38 campaign.

Dr. H. C. Carlson, president of the National Coaches group, said the center jump would receive [illegible] consideration at the meeting. The coaches will hold a general discussion of rules, with main attention pointing to consideration of the abolition of the center jump and three and 10-second rule.

At the conclusion of both meetings, the coaches will make suggestions or definite recommendations to the National Basketball Rules committee which will meet here Tuesday and Wednesday.

Action taken by the Big Ten coaches calls for the center jump only at the beginning of the game, [illegible] start of the second half and [illegible]

On all other occasions, the ball will be put in play [illegible]

March 15 —
Conant of

Senators

David I. Walsh and Henry Cabot Lodge Jr. of Massachusetts, the Harvard president asserted "If the supreme court be altered without seeking the opinion of the people I do not believe the alteration will be satisfactory to the conscience of the community. Unless this national conscience is satisfied, I fear the gravest consequences."

"I am not one who believes the recent decisions of the supreme court confront the country with no serious problems," Dr. Conant said. "I believe they do.

"Personally, I should wish to live under the present Constitution as written, but as interpreted by the minority of the present court. Some measures should be devised to alter the existing situation. Even the proposal now before the senate, if cast as a constitutional amendment (thereby fixing the size of the court), might be defensible."

"My opposition to the President's proposal," he explained, "is based primarily on one point. The administration intends to bring about what seems to most laymen a constitutional change without special appeal to the country—an appeal which might have been submitted to the voters a few months ago.

"Lawyers apparently agree that the measure is constitutional, but to a vast majority of those not versed in the subtleties of the law the procedure seems but a method of circumventing the traditional American principle of an independent court.

"I have heard no evidence presented which indicates it is necessary to settle this question of the supreme court before the time required for submission of an amendment to the country."

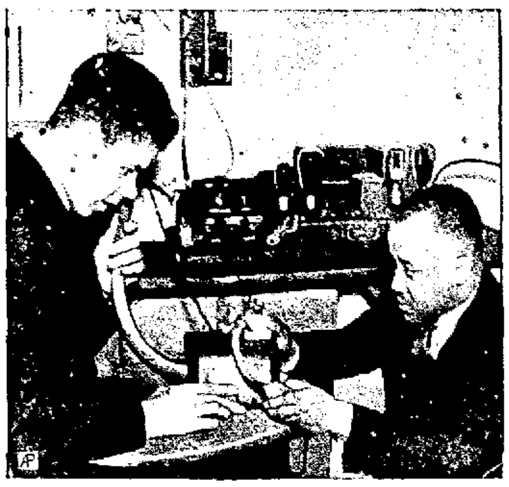
Trail of Nasal Tones Hunted in O. S. U. Tests



NASAL DETECTIVE

This machine at Ohio State university flashes a neon light whenever the voice slips into nasal tones objectionable in singers and speakers. Student James Mowery is trying to speak without using his nose while E. W. Hathcock watches for the light.

By The Associated Press

CHICAGO—Experiments at Ohio State and Northwestern universities indicate that, contrary to the general opinion, people talk with their nose and throat as well the lips.

Would-be after-dinner speakers, radio aspirants and singers who have tried out their voices on a new testing machine at the Ohio State laboratory find it embarrassing when a tell-tale neon light flashes to indicate they are slipping into nasal twangs.

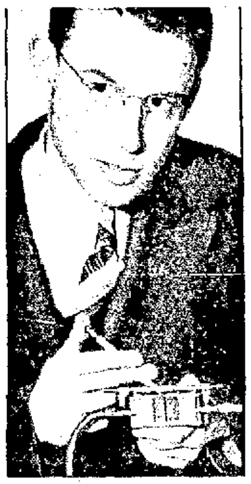
The machine, resembling a home-made radio set, is sensitive to the slightest nasal tone.

It was constructed to test the belief that Americans are more prone to talk through their noses than any other nationality. Ohio scientists say there is no proof of this but their tests detected the tendency in many persons. The defect was corrected by instruction in tone control.

At Northwestern university, Prof. R. T. Carhart of the school of speech has designed a mechanical larynx duplicating on a large scale the little gadget in one's throat which controls the voice tones.

A pressure tank (the lungs) forces air into adjustable brass tubes (the windpipe) and through a space between two folded rubber lips (the larynx) causing the latter to vibrate tones which can be raised or lowered by changing the larynx tension.

Prof. Carhart believes the length of the windpipe has a lot to do with the pitch of the natural speaking voice. The experimenta with the mechanical larynx controls tone, which must be shaped by the tongue and lips, not by the nose, to become pleasing, intelligible sound.



MECHANICAL LARYNX

Prof. R. T. Carhart of Northwestern university built this mechanical larynx. His pencil indicates the rubber lips.

Former Marion Resident Passes 100-Year Mark

"Had I only left tobacco alone, I might live to be an old man," was the recent comment of Gilford S. Harris, 100-year old citizen of Kenmare, N. Dak., and a former resident of Marion county.

Although not a native of Marion county, Mr. Harris, who is known as "grandpa" to the citizens of Kenmare, lived here for many years and served as a constable for a period of three years. He lived north of Marion on a farm, and in addition to managing his farm work he followed the occupation of a bridge builder. Mrs. J. W. Van Meter of North State street is a niece and J. M. Harris of near Cardington is a nephew of the centenarian.

Mr. Harris was born in Dresden, O., Dec. 15, 1836, and is the last of a family of 11 children.

With his son George and daughter Jennie, Mr. Harris moved from Marion to Des Moines, Ia., in July of 1853. The trip was made with one horse hitched to a covered spring wagon, and four weeks were required to make the journey. In the spring of 1887 he moved to Kenmare, taking up a homestead one and one-half miles north of that place. He farmed for awhile and later moved to Kenmare where he has since lived.

During his 100 years only twice has it been necessary for him to have medical attention and both times it was accidents that sent him to bed or the hospital. When a young man living in Ohio he was chopping wood and a chip struck his left eye, which resulted in its removal, and last spring an injury to one of his toes on his right foot sent him to the hospital at Kenmare. In June it was necessary to amputate his right leg. Commenting on his trips to the hospital Mr. Harris said: "The first time they took an eye, the next time they *took a leg, so I can't afford to go very often.*"

Being compelled to give up walking is his only regret in the loss of his leg, he says. In his younger days he would walk five miles to work each morning, chop wood all day and walk home again at night, and in his later life walking was an enjoyable form of exercise for him. He has never missed going to the polls and cast his first presidential vote for Abraham Lincoln.

His children are Mrs. John Salmon of Tulsa, Okla., Mrs. M. F. Harris of Kenmare, and George Harris of Altoona, Ia. He has 15 grandchildren, 49 great-grandchildren and 15 great-great-grandchildren. Mrs. Harris died May 12, 1882.

HUSBAND MURDERER REMAINS IN A COMA

Self Willed Trance Blocks Sentencing of Convicted California Woman.

By The Associated Press

LOS ANGELES, March 15—Helen Wills Love, convicted husband slayer who boasted "I can make myself die whenever I want to," began the fourth day of a strange sleep today, insensible to pain or sound.

For a second time, her trance-like condition prevented her from being taken to court for sentencing. Her conviction carries a penalty of from seven years to life in prison.

The 31-year-old woman was convicted of slaying Harry A. Love, last New Year's eve at a beach club where he went with his socially prominent mother.

Since she slipped into the coma last Thursday night, all organic *functions of her body have ceased,* aside from breathing and blood circulation.

"She is suffering from a form of stupor brought on by extreme mental strain," said Dr. Benjamin Blank, county jail physician.

"It is impossible to say just what the outcome may be," he added.

Ammonia fumes and pin pricks, usually of avail in "sham" cases, have failed to arouse her. Her brother, Harry Wills, said she once before experienced a similar coma, without ill effect. He said soft music had aroused her on the previous occasion.

DYKSTRA TAKES WISCONSIN JOB

Agrees to Year-to-Year Contract at $15,000; Gets $25,000 as Cincinnati Manager.

By The Associated Press

CHICAGO, March 15—Clarence A. Dykstra, city manager of Cincinnati, said yesterday he would accept the presidency of the University of Wisconsin. John M. Callahan, chairman of the university executive committee, said at the same time Dykstra's appointment would be recommended to the board of regents Thursday.

Dykstra conferred with Callahan and the other members of the executive committee—Harold Wilkie, president of the board of regents, and Clough Gates—throughout the morning in a downtown hotel.

Callahan said Dykstra agreed to a year-to-year contract at $15,000 annually and signed a "memorandum" to that effect. Dykstra's salary as city manager is $25,000 a year.

"I told these gentlemen," Dykstra said, "that if the trustees accept the recommendation and appoint me president, I shall accept and go at the earliest possible moment."

He said that he would have to adjust his affairs at Cincinnati and indicated that would require about six weeks. He said he had no contract as city manager. Dykstra would succeed Glenn Frank, who was removed last January.

"I shall return to college work with the greatest enthusiasm if appointed," said Dykstra, who is 54 and a former university professor. "The University of Wisconsin is one of our greatest universities in one of the states most interested in the field of education."

Dykstra, six feet four inches tall and gray haired, has been city manager of Cincinnati for six and a half years. He was born Feb. 25, 1883, in Cleveland, educated in New York and Illinois elementary schools and won his bachelor of arts degree at the University of Iowa. Then followed periods of instructorship at the universities of Chicago, Ohio State and Kansas. He then became secretary of the Cleveland Civic league. This was followed by positions with similar organizations in Chicago and Los Angeles. He was appointed city manager of Cincinnati June 11, 1930.

By The Associated Press

CINCINNATI, March 15—Informed that City Manager C. A. Dykstra had accepted tentatively the presidency of the University of Wisconsin, party spokesmen insisted last night on the suggestion that only the "best man" be named to succeed him without regard for political affiliation.

JOE E. BROWN FILLS PICTURE AT PALACE WITH LOTS OF FUN

Abandon the fireside and enjoy the laughs in Joe E. Brown's picture, "When's Your Birthday?" on the Palace screen through Tuesday. His producers have given Joe E. a big break with a fast-moving story and a surrounding cast of experts in the art of comedy. In addition the program offers an excellent "Crime Doesn't Pay" short, a thrilling Grantland Rice sports short, "Where Snow Is King," and a newsreel which includes the President in his recent "fireside chat" on the supreme court question.

"When's Your Birthday" opens with a novel technicolor sequence presenting *the signs of the zodiac* in a bit of sky-play, which boils down to the knock-out dream of Joe E. coming in from a well-placed punch in a boxing bout. The story is built around Joe's faith in astrology and its dominating influence on a person's life, and Joe is a true believer. He gets into all sorts of mix-ups, including much romance, and winds up a contender in a prize fight for championship honors—the appearance of the moon in the nick of time ending the picture with everybody happy.

Top roles in the supporting cast are played by Marian Marsh, Fred Keating, one and only Edgar Kennedy, Frank Jenks who is coming fast as a "tough" comedian, Suzanne Kaaren and Maude Eburn. Bull Montana is seen in several short sequences. The picture is recommended for the entire family. — H. H.

Wool Market

By The Associated Press

BOSTON, March 15—The Boston wool market showed some irregularity today despite the strong close of the London sales last week.

Some houses adhered firmly to their recent asking prices on spot domestic wools. Buyers, while showing more interest than two or three weeks ago, had few urgent immediate requirements.

In considering purchases for future requirements buyers were influenced largely by current prices and costs of recently imported wools.

Ohio State Places Fourth; Walker and Beetham Among Point Makers.

By The Associated Press

CHICAGO, March 15—Michigan's "lease" on the Big Ten indoor track and field title will run for another year.

The powerful Wolverines, showing the balance that has marked their squads in the past three championship seasons, piled up 35 points Saturday night for a fourth consecutive title. Indiana placed second with 28 points, one more than Wisconsin's total, with Ohio State getting 23 for fourth.

Charles (Chuck) Fenske, bespectacled Wisconsin runner, provided the meet highlight by whipping the Indiana ace, Don Lash, in a bitterly fought mile duel. His time was 4 minutes, 12.9 seconds.

Mel Walker of Ohio State leaped six feet, five 3-4 inches in the high jump to displace the oldest mark in the Big Ten book—six feet, five inches—by Chuck McGinnis of Wisconsin in 1927.

Charles Beetham, who left a sick bed to compete, retained his half mile title with another of his flaming finishes, defeating John Graves of Iowa. Beetham's time was 1:54.5.

WHEAT PRICE JUMPS TO NEW PINNACLES

Estimated Sale of 2,000,000 Bushels of Canadian Grain Abroad Bullish.

By The Associated Press

CHICAGO, March 15—Wheat climbed 3½ cents a bushel late today, owing largely to estimates 2,000,000 bushels of Canadian wheat had been bought for shipment overseas.

Besides, all Liverpool wheat futures except March mounted today to new high price records for the season. New York wheat futures at [illegible] showed the strongest upward trend, indicating increased belief that United States wheat export prospects were broadening.

At the close, wheat was 1¾@3⅝ above Saturday's finish, May 1.38⅝, July 1.21⅛; corn varying from [illegible] decline to 1⅝ advance, May 1.09 [illegible], July 1.05⅛@1.06, oats at [illegible] to [illegible] cent gain, and provisions five cents off to 42 cents up.

SALE SHOWS FARM LAND VALUE RISING

Bid on Tract Near Meeker $500 Above Offer Made Year Ago.

Another indication of rising [illegible] land values in Marion county [illegible] at the sheriff's sale Saturday of a 37-acre tract near Meeker for $2,625, a sum of $500 more than was bid for it a year ago when a legal technicality prevented completion of the sale.

The property, formerly owned by Anna S. Brown, was ordered sold as a result of a tax foreclosure suit filed in common pleas court by Treasurer Homer D. Cole. It was appraised at $1,750 and a year ago the high bid on it was about $2,000, according to a deputy of Sheriff Fred Miller, who conducted the sale Saturday. The purchaser was Philip H. Sautter.

An eight-room house at 567 [illegible] avenue, appraised at $3,000, sold for $4,334. It was sold to the plaintiff in the suit of Caroline H. Hentzer against Charles H. Conley and others.
